Subject: Republic of Moldova's accession to the COST Association

Dear Minister,

It is my pleasure to inform you of the decision to accept the Republic of Moldova's request for full membership taken by the Committee of Senior Officials on 7-8 November in Vienna.

Let me express my congratulations at your research community's efforts which facilitated the decision and I strongly encourage you to continue to engage in COST Actions. As a full COST Member, researchers from the Republic of Moldova are entitled to propose COST Actions, to be in leadership positions and to fully benefit from the COST Academy programme which offers trainings and mentoring schemes.

The COST Association Administration will be in contact with your colleagues to explain the practicalities of membership.

Please accept my congratulations and warm welcome to the COST Family!

Yours sincerely,

Prof. Dr. Sierd Cloetingh
President of the COST Association
